A Pure Baking Powder.

A baking powder that can be depended upon to be free from lime and alum is a desideratum in these days of adulterated food. So far as can be judged from the official reports, the "Royal" seems to be the only one yet found by chemical analysis to be entirely without one or the other of these substances, and absolutely pure. This, it is shown, results from the exclusive use by its manufacturers of cream of tartar specially refined and prepared by patent processes which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other, and it is used in no baking powder except the "Royal," (the manufacturers of which control the patents under which it is refined.)

Dr. Edward G. Love, formerly analytical chemist for the U. S. Government, who made the analysis for the New York State Board of Health in their investigation of baking powders, and whose intimate knowledge of the ingredients of all those sold in this market enables him to speak authoritatively, says of the purity, wholesomeness, and superior quality of the "Royal":

"I find the Royal Baking Powder composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain either alum or phosphates, or other injurious substance."

Prof. Love's tests, and the recent official tests by both the United States and Canadian Governments, show the Royal Baking Powder to be superior to all others in strength and leavening power. It is not only the most economical in use, but makes the purest, finest flavored and most wholesome food.

Special.

To Superintendents, Members of the General Assembly and Others: GENTLEMEN:—The following railroad will give all who attend the Educational Meeting to be held in Louisville next week, a rate of one and one-third fare for round trip—the tickets to be good December 1st to 5th, inclusive:

The Louisville and Nashville system, Queen and Crescent Route (their Kentucky lines), Kentucky Midland, Kentucky Union, Chesapeake and Ohio, and both divisions of the Newport News and Mississippi Valley.

Purchase regular tickets to Louisville and procure from the agent at your station a certificate showing that you have paid full fare going. Before the meeting adjourns, these certificates must be indorsed by the Secretary, and upon presentation to the Louisville agents of the respective roads, within twenty-four hours after adjournment, they will sell special

tickets for the return passage at one-third the usual rate.

It will be well to ask for the certificate when purchasing tickets from other roads than those named above, as some not yet heard from may respond favorably.

An effort is being made to obtain even more favorable rates. If successful, the fact will be made known during the meeting.

As heretofore published, the Fifth Avenue Hotel will be headquarters. The fare will be \$1.50 per day, where more than two persons occupy a room.

The session will be held in the lecture-room of the First Christian Church, corner of Fourth and Walnut.

It is greatly to be desired that you attend and take an active part in the proceedings. Eminent educators and others who take a lively interest in having our Common School obtain to the highest usefulness are expected, among them two of our former State Superintendents, Dr. Howard Henderson and the Hon. Z. F. Smith; also the members of the late State Board of Education and of Examiners.

Yours truly,
ED. PORTER THOMPSON.
